WEB DEVELOPMENT PROJECTS

Chat App, CareerFoundry study project

July 2024 // Remote

- Developed a mobile chat application using React Native and Expo, integrating Firebase for real-time database storage and authentication.
- Implemented communication features, including access to device features such as the media library, camera, and geolocation.
- Ensured thorough testing and debugging to guarantee accurate data handling using Android Studio and Expo Go.

myMovie App, CareerFoundry study project

April 2024 – July 2024 // Remote

- Developed both the server-side and client-side for a movie web application.
- Utilizing Node.js, Express, MongoDB, and Mongoose to develop a RESTful API for secure user authentication and CRUD operations, testing the endpoints with Postman.
- Developed responsive single-page applications (SPA) with React and Angular, utilizing the API to enable users to register/login, select favorite movies, and update their profile information.

EDUCATION

CareerFoundry, Certificate in Full Stack Web Development

July 2024 // Remote

- Intensive project-based online training program with a focus on JavaScript, HTML, and CSS utilizing prominent libraries, frameworks, databases, and runtime environments.

Digital Career Institute, Certificate Orientation Course

November 2023 – December 2023 // Remote

- Completed theoretical training in digital professions with a focus on Web Development, Online Marketing (SEO, SEA, Social Media), Cloud Computing (AWS), and competency analysis workshops. Developed a final project by constructing and presenting a webpage and an online marketing presentation.

September 2015 – January 2018 // Tunis, Tunisia

- Comprehensive training in accounting, including bookkeeping, financial statement preparation, use of management software, tax and social declaration filing, financial analysis, budgeting, and resolving accounting and fiscal challenges to support decision-making processes.

WORK EXPERIENCE

Accountant, LucaPacioli Accounting and Audit Firm · Full-time

February 2018 – September 2021 // Tunis, Tunisia

- Worked with diverse companies of varying sizes—large, medium, and small—across 25 different businesses. Managed financial reporting and bookkeeping, including monthly/quarterly financial reports, bank reconciliation, and general ledger maintenance. Handled tax filings and compliance (VAT, corporate income tax), and engaged in strategic tax planning to minimize liabilities. Oversaw accounts payable and receivable, managing invoice and payment processing, and ensuring timely payroll. Conducted internal audits for accuracy and compliance, supported external audits, and contributed to budgeting and forecasting efforts.

Accountant, Freelance

July 2017 – January 2018 // Tunis, Tunisia

- Gained seven months of experience in accounting during a work-study at Mazars, working with over 10 large companies and utilizing Sage software to update customer databases, calculate taxes, prepare tax declarations (IS/IPTVA), and record tax declaration entries.

Accounts Payable Accountant Responsibilities, « SONEDE »

June 2016 – June 2016 // Tunis, Tunisia

- Completed a one-month internship at the National Company of Water Exploitation and Distribution (SONEDE), focusing on accounts payable, including invoice and payment processing, record-keeping, and proficiency in JDE software for financial operations.

Customer Service Representative (CSR), STB Bank

June 2015 –August 2015 // Tunis, Tunisia

- Managed cash flow and financial operations, ensuring accuracy and compliance with regulations. Provided technical support for customer service inquiries, resolving issues efficiently. Handled financial transactions and reporting, contributing to improved financial oversight and client satisfaction.
